## FIRST LOOK

Are you doing a first look?      Yes      or      No

Are you doing a dad first look?    Yes      or      No

**Not sure about a first look? Refer to the helpful information below.**

If you do not have a time gap between your ceremony and cocktail hour, we will most likely recommend a first look. We will NEVER force you to do a first look, but we want you to have realistic expectations for your wedding day.

**First looks** are a great way to get the best of both worlds. Think of it as a pre ceremony “ceremony” that can be private or with your wedding party and families. It’s up to you.

We are **NOT** able to conduct your photo shoot during cocktail hour **AND** let you attend cocktail hour. If you choose **NOT** to do a first look and you don’t have a time gap after your ceremony, we will have to do your photos during the cocktail hour. Including family, wedding party, and formals. Depending on the size of your wedding party and families, this could take as long 20-40mins and that’s not counting your formal photo shoot as a couple.

Many of our clients have asked us if we can “just do the photos with the families and wedding parties before hand”. The answer is no. Of course we will take pictures of each side beforehand, but we will need to redo them when the two of you can **BOTH** be in the photos as well.
